**UJWAL PRABODHINI
SANSTHA, BADLAPUR**

Annual Report 2022-23

TRUSTEE'S WORD

“Ujwal Prabodhini Sanstha is the non-profit organization located in Badlapur. Our organization have completed 25 years. We are happy to present you the annual report for the year 2022-23.

Noam Chomsky says,

“Organization and education, when they interact with each other, they strengthen each other, they are mutually supportive.” By following this quote, we trying to collaborate in the field of education as well as women empowerment and community development. We have established Mahatma Gandhi Niketan which is the residential school for Adivasi and needy girls boys. We are trying to provide quality education to them so they can be independent and good citizens of India.

Rural and underdeveloped area in Ambernath and Murbad Tahsil is the main working area of our organization.

Thanking you.”

Regards,
Ramesh Anant Wage
(Secretary, Ujwal Prabodhini Sanstha)

EDUCATION

Educational year 2022-23 started with new excitement and freshness. Old building is renovated by Karunya Trust and Concern India Foundation. Same time new experiments in learning process cheered students.

Our schools planted trees every year in rainy season so it creates the values of love, devotion for the nature. As well as we always support our students to follow their hobbies and passion. So that they can become self-sufficient in their life. Here are some pictures showing the happiness of following their hobbies. Mahatma Gandhi Niketan Unit composed One Hour play based on Chhatrapati Shivaji Maharaj which had ten shows for parents and public which received great response and admiration.

Swami Vivekanand says, “Education is the manifestation perfection already in man.” So, we are just become facilitator for our students. They learn by their own way. They taught to their friends. We are following the path of self-learning and trying to inculcate value of

humanity in their mind with the help of different innovative activities.

Education is the passport to the future, for tomorrow belongs to those who prepare for it today. We establish Pragati Study Centre, a free tuition centre and in 2015, a Mahatma Gandhi Niketan so the tribal children will get good education and skills to improve their future. Student admissions are increasing year by year for our Mahatma Gandhi Niketan. This year 80 students enrolled in our Niketan Unit.

HEALTH

Free medical camps were organised frequently by the organisation in collaboration with our health partners. The patients were actively enrolled and more than 1000 patients were consulted this year. Health camps were organised for general health check-up, dental check-up, eye screening and other critical screening. Sanstha has aim to develop hospital in remote area for Adivasi and economically poor classes.

At present more than 500 women are employed under the project and they can contribute financially to their families. They can work from home in this project so can take care of their family as well children. There is no tool for the development more effective than the empowerment of women. So, we are focusing on rural women and their employment so they can earn and become self-sufficient which can help them to improve their status.
